

Custom Wine Coasters

They're not just for beer anymore...

AdCoasters, one of the nation's leading suppliers of custom-printed beverage coasters, has developed an economical wine coaster. Manufactured from sustainable materials — 30 percent post-consumer pulpboard with soy-based inks and designed to accommodate a standard wine bottle or glass, the AdCoasters' Wine Coaster can not only protect a table cloth but can assist in the branding of your winery. With the best print quality in the industry, we can reproduce your wine label using our 133-line screen offset print process — full color on both sides. With print quantities and pricing that makes ordering one for every one of your varietals affordable.

Wine Coasters

4-color process/4-color process (full color)
