or hundreds of locations in an affordable and strategic way.

Create brand awareness while increasing customer frequency.

It's about multiple message impressions.

Our studies show that the average coaster is viewed by 5-8 customers before being taken or recycled. That translates to 5 to 8 times the number of message impressions. For example, 100,000 AdCoasters can generate up to 800,000 impressions.

From concept to completion in weeks.

With typical printing turns of 10 business days after proof approval, an AdCoasters program can be deployed in a matter of weeks.
